Insurance Basics

Is the Whole Health Plan considered a PPO (Preferred Provider Organization) Plan?

The Whole Health Plan with PWA is a PPO plan; the Whole Health Plan with HSA is a qualified High Deductible Health Plan (HDHP).

What is a Primary Care Physician (PCP)?

A physician or other medical professional who serves as a member's first contact with a company's health care system. Also known as a primary care provider, personal care physician, or personal care provider.

What is a deductible?

The amount you pay for covered health care services before your insurance plan starts to pay. For example, with an \$1875 deductible, you pay the first \$1,875 of covered services yourself. Note: There are certain services, such as preventative care, that **do not** require you to meet your deductible before the health plan covers the cost. Please refer to the [Annual Enrollment Guide](#) for more information.

What is a covered benefit?

The health care items or services covered under a health insurance plan. A covered benefit does not mean it's free, rather covered under the Health Plan, meaning the health plan will pay a portion of the service after your deductible is reached. For example, the Whole Health Plan covers charges related to a broken arm (hospital stay, cast, physical therapy) but does not cover elective cosmetic surgery. In the case of elective cosmetic surgery, the member would bear 100% of the surgery costs.

What is an out-of-pocket maximum?

The most you have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance for in-network care and services, the Whole Health Plan pays 100% of the costs of covered benefits.

What is the difference between the Preferred Tier and the Expanded Tier?

- The Preferred Tier is a curated network of recognized local providers, clinics, and hospitals in Los Angeles, Ventura and Orange Counties in California. Members receive an even greater benefit when utilizing Tier 1 Network managed by Employers Health Network (EHN), administered by WebTPA.

Or call 833-682-6480 to speak with a WebTPA member services representative

- The Expanded Tier is a national network of providers, clinics and hospitals through Aetna Signature Administrators to receive care at the standard benefit level, administered by WebTPA.

[Search for an Expanded Tier Provider ►](#)

Or call 833-682-6480 to speak with a WebTPA member services representative

- Hospitals, urgent care, primary care physicians and specialist not within the Preferred or Expanded Tiers are considered "Out-of-Network." The Out-of-Network tier contains a very high deductible and out-of-pocket maximum.

My Coverage and Benefits

Who is my medical insurance carrier?

WebTPA is the Whole Health Plan's insurance carrier responsible for administering benefits, regardless of the health plan tier. The **Preferred Tier** is managed by Employers Health Network (EHN), while Aetna Signature Administrators manage the **Expanded Tier**. EHN/Aetna is not your insurance carrier; they are provider networks. For questions regarding your eligibility, benefits, medical claims, or participating providers, call WebTPA at (833)682-6480.

I was denied coverage, a claim, or received erroneous charges on my explanation of benefits (EOB); whom do I contact?

To access specific information about your coverage or claims, contact WebTPA by phone at (833)682-6480.

Are Preventive services covered 100% by the Health Plan?

Preventative care is **free** to the member when using an **In-Network Provider**, regardless of Health Plan Tier (Preferred/Expanded) or Health Plan Funding Type (PWA/HSA). Sick care is not considered a preventive service.

Does the Whole Health Plan provide Transgender coverage?

Yes. Transgender coverage includes surgery, medical injections, laboratory testing and therapy. Certain requirements must be met before coverage begins. Contact WebTPA at (833)682-6480 for more information.

Why is an Urgent Care visit covered differently between HSA and PWA plans?

The coverage difference is required by the IRS. Urgent Care is covered at 25% before deductible under the PWA plan, while it's covered at 25% after you've reached your deductible on the HSA plan.

Where do I go to purchase DME (Durable Medical Equipment)?

DME supplies are covered under the Whole Health Plan through HomeLink. Visit HomeLink to purchase CPAP's, diabetic pumps and supplies, infusion supplies, canes, crutches, wheelchairs and home health services.

Who manages my Personal Wellness Account (PWA), Health Savings Account (HSA) or Flexible Spending Account (FSA)?

WEX, formally Discovery Benefits, manages PWA, HSA and FSA accounts. Regardless of your service hours, you will receive a flat contribution to your account, depending upon your medical plan coverage level.

WFM contributes a yearly amount to your health care funding accounts (see below). Contributions are made to your account semi-annually (One half deposited in January; the balance deposited in July; you must be actively employed at the time the deposit is made.)

- \$1,300 if you enroll in individual coverage
- \$1,800 if you enroll in family coverage (all other coverage tiers)
